Plumbing Inspector II

A senior inspection and leadership role applying plumbing expertise in a public service setting.

Onondaga County Department of WATER ENVIRONMENT PROTECTION
ONONDAGA.GOV / WEP / CAREERS

The Department of Water Environment Protection (WEP) delivers wastewater treatment services that protect public health and local waterways across Onondaga County, supported by a skilled and dedicated workforce.

WHY YOU?

This role is well suited for experienced plumbing professionals seeking an inspection-focused role. It offers the opportunity to apply existing expertise in a stable public service setting focused on protecting public health.

WHAT EXACTLY DOES A PLUMBING INSPECTOR II DO?

Plumbing Inspector II is responsible for coordinating, supervising, and performing plumbing inspections to ensure compliance with applicable codes, plans, and public health standards. Does related work as required.

- Reviews plumbing plans and specifications of new construction to determine the type of installations to be performed and the location of sewer mains and lateral connections for plumbing contractors.
- Assigns inspection work schedules to subordinate Plumbing Inspectors by determining the urgency of the inspection based on the conditions and type of construction equipment utilized, the most convenient time to inspect business facilities operation and the amount of available personnel.
- Directs and reviews all work performed by Plumbing Inspectors I by developing schedules of inspections and holding periodic meetings with same to discuss work performed.
- Assists and instructs Plumbing Inspectors I in solving problems encountered during inspections.
- Completes inspection and reports in support of referrals for enforcement actions for Plumbing Control.

This list is not exhaustive. Additional duties are outlined in the official job description.
